

ALEXANDER PHILIPPOPOULOS

Software Developer

Richmond Hill, ON | 647-975-2248 | alexanderphilippopoulos@gmail.com

PROFILE SUMMARY

Software Developer with experience building full-stack web, mobile, and game applications using modern programming languages and frameworks. Strong foundation in C# gained through a three-year Computer Programming and Analysis diploma, with additional experience in JavaScript, TypeScript, Java, C++, and Python. Skilled in developing responsive web applications with React, ASP.NET, and SQL Server, mobile applications with React Native, Firebase, Supabase, and REST APIs, and games using Unity, Unreal Engine, and MonoGame. Currently developing a healthcare mobile application that helps patients manage medical screenings and receive personalized healthcare recommendations.

TECHNICAL SKILLS

- **Programming Languages:** C#, C++, JavaScript, TypeScript, Java, Python
- **Frameworks & Libraries:** React, React Native, Node.js, ASP.NET
- **Databases:** SQL Server Management Studio (SQL Server), Firebase, Supabase
- **Game Development:** Unity, Unreal Engine, MonoGame
- **Tools & Technologies:** Android Studio, Git, REST APIs

PROFESSIONAL EXPERIENCE

Mobile Application Developer

Evania Healthcare Clinic | Richmond Hill, ON | April 2025 – Present

- Develop a mobile healthcare application that enables patients to manage and review their medical screening results.
- Design and maintain secure cloud-based storage for patient screening data.
- Implement recommendation logic that suggests relevant medical procedures based on patient screening outcomes.
- Collaborate with stakeholders to translate healthcare requirements into practical, user-friendly application features.
- Build and maintain scalable application functionality using React Native and modern mobile development practices.

EDUCATION

Post-Graduate Certificate – Game Development: Advanced Programming

Sheridan College | Ontario | 2025 – 2026

- Advanced coursework in gameplay programming, engine architecture, software design, AI, and interactive systems development.

Advanced Diploma – Computer Programming and Analysis

Conestoga College | Waterloo, ON | September 2022 – April 2025

- Graduated with Distinction.
- Studied software development, object-oriented programming, databases, web development, mobile development, APIs, and software engineering principles.

Ontario Secondary School Diploma

Richmond Hill High School | Richmond Hill, ON | September 2016 – June 2020

- Completed university-level English, Mathematics, Biology, and Chemistry.
- Earned a Specialist High Skills Major (SHSM).

CERTIFICATIONS

- Foundational C# with Microsoft — freeCodeCamp (May 2024)
- The Complete C++ Developer Course — Udemy (June 2024)
